# EU BUSINESS SCHOOL RANKED IN THE QS GLOBAL 250 BUSINESS SCHOOLS REPORT 2017

EU Business School (EU) is proud to announce that they have been placed in the Superior Research & Employability Quadrant in the QS Global 250 Business Schools Report.

The QS Global 250 Business Schools Report is based upon the findings of two global surveys – a survey of 12,125 international employers who hire MBA graduates and a survey of 76,798 academics with expertise in the fields of business and management. The results of these surveys are then used to inform a business school's placement in the QS Quadrants based on its relative strength in Employability and Research Excellence.

EU's positioning in the Superior Research and Employability Quadrant owes much to their pragmatic approach to experiential business education, which emphasizes the case-study method and is proven to prepare students effectively for leadership positions in today's rapidly evolving and globalized business world.
